Warning Against Hoarding Sugar

Toronto.—With reference to an Ottawa dispatch of August 23, stating that the wholesale grocers, in their convention at the Dominion Hotel, predicted that sugar would rise to 20 cents a pound before the present shortage would be relieved. H. H. Green, president of the Wholesale Grocers' association of Canada, said: "There must be some mistake about this, as no discussion took place at the convention as to what the price of sugar was likely to be. It was, however, stated to the convention that speculators in the United States had bought fifty cars of granulated sugar, held in Halifax, at \$13.00 a ton, and that the Dominion government, and I believe a few cars were bought at this price. The convention generally felt that to buy sugar at such a figure might have the effect of creating an advance on all sugars, which would be most unfortunate."

"It was also felt that selling this sugar would have the appearance of profiteering, even if sold again at cost, because sugar is sold today in Montreal to the wholesale trade at \$10.40 and \$10.50, with the usual discount off, and it is not to be expected that the trade at these figures, with the freight added. The shortage in sugar has been caused entirely through the lack of shipping facilities, and the marine strike, which prevented refiners from getting raw sugar, and if shipping facilities can be restored to normal conditions without further delay, we should get supplies of refined sugar to meet our requirements within the next 20 or 30 days."

"I would like to warn the public against buying sugar beyond their pressing requirements. Hoarding sugar is certainly going to increase the price to the consumers, who will be in want, besides depriving the rest of the public from getting their fair share of what sugar is to be had. Every wholesale and retail grocer should furnish his customers with the smallest quantity of sugar they can get along with until sugar becomes more plentiful."

Three Men Burn to Death

Boise, Idaho.—Three men were burned to death in a forest fire raging near Burleighs, Idaho, of Lake Port. They were part of a crew of 200 which turned out to save the village of Camanche. Heavy winds swept the flames through the forest and cut the three men off from the crew. The fire is the largest of the season in southern Idaho, and has spread over more than 40,000 acres since it started.

Wheat Board to Meet at Toronto

Winnipeg.—A public meeting of the Canadian Wheat Board will be held in the Board of Trade rooms, Royal Bank building, Toronto, at 9:30 a.m., Monday, September 8, when the board will hear expressions of opinion from the wheat growers' scheme for the handling of the 1920 wheat crop.

Lloyd George Calls for Halt To Expenditures

London.—After his recent speech in the House of Commons, in which he insisted upon economy, Premier Lloyd George wrote to his ministerial colleagues, calling attention to the huge national expenditure and urging upon them the need of immediately curtailing. The letter, as quoted by the Daily Mail, says among other things:

"The time has come when each minister must make clear to those under his control that if they cannot reduce expenditures they must make room for somebody who can. That is the public temper and it is right."

The Premier declares it is "indefensible that the staffs of the public services have hardly been reorganized since the ending of the war, and says that those responsible must be compelled to perform their duty, however unpleasant it may be, to reduce expenditure. He adds:

"We must content ourselves with the second best, where the best is too costly."

The Premier concludes by telling the ministers that they must find time during recess to consider the best method of dealing with the question and report to him by midnight what steps they have taken or propose to take in the near future."

Stop Work On Warships

Step May Involve Loss of Some 25 Million Pounds

London.—All private shipbuilding yards throughout the country, numbering about twenty, are affected by the government order that all work be stopped on warships except those about to be launched.

The Admiralty yards at Chatham, Devonport and Portsmouth will not stop, however, as they are entirely occupied with the refitting of 2700 steamers which are about to be returned to the owners from whom they were requisitioned for war service. Among the warships being built at private yards are cruisers, destroyers and submarines, and the work on some of these may be continued, according to the Mail, if it is found cheaper to complete them than to start new ones.

Shipbuilders must be liberally compensated in cases where contracts are broken, but although several million pounds sterling may be involved, it may prove more economical than carrying out the building program.

The Mail says that the Admiralty is saying that one sound reason for stopping work on warships is that the ship will clear the yards at a commercial building. There is an excellent demand for new tonnage, and this work will probably absorb the yards' capacity for some time.

California Transportation Is Paralyzed

Workers Disregard Orders of Their Union Leaders and Quit Work

San Francisco, Cal.—Although both government and railroad brotherhood officials were striving to prevent its spread, a strike of yard and switchmen and allied crafts has paralyzed steam rail transportation in Southern California. The men, who went on strike as individuals, are without a formally announced reason, but definite orders of their union officials to return. In Southern California telegraphic instructions were received from Warren S. Stone, president of the Brotherhood of Locomotive Engineers, for the men of that craft to resume work. The railroad officials under instructions under consideration.

Railroad officials said it was the worst strike in the history of the state. Throughout the day a stream half dozen or more trains moved from here for southern and eastern points, but no transcontinental trains. The Pacific Limited of the Southern Pacific Company, leaving the Oakland node, the transcontinental terminus for the southern and western Pacific and the Santa Fe railroads.

The strike is the worst in the history of the state. Throughout the day a stream half dozen or more trains moved from here for southern and eastern points, but no transcontinental trains.

Cannot Rely On States

Sir Auckland Geddes Says Europe Must Work Independently

London.—Sir Auckland Geddes, Minister of National Service and Public Construction, speaking at Basingstoke on government economy, said that a special advisory committee, of which Lord George is chairman, has been formed for that purpose and that the Premier was throwing himself into the work of cutting down expenditure.

Sir Auckland said that it was useless to rely on the United States to pull the British people through their difficulties. The United States had her own trade difficulties. She had increased the industrialism of her population and was not only a great exporter of manufactures, but the greatest exporter of raw materials.

She was in the unhappy position of possessing so much that there was little she wanted, and, as a result, she was being forced to export.

Moreover, because British rearmament of the United States raw material, he said, it was increasingly difficult for the United States to get her materials across the Atlantic.

The only result of United States flooding Europe with goods would be a moment of exchange in her favor, making the price of United States goods in this country prohibitive.

Europe must, therefore, work out her own salvation, he declared.

Europe must, therefore, work out her own salvation, he declared.

German Ambassadors Chosen

Dr. Solf Will Represent Germany in Great Britain

Berlin.—Dr. Haniel von Hainhausen, former councillor of the German embassy at Washington, has been selected for appointment as German ambassador to the United States, according to authoritative information.

Dr. W. S. Solf, the secretary for the colonies, is the selection for ambassadorship to Great Britain, and Herr Badoevitz, former under-secretary of state, for the ambassadorship to China.

Prize August Thiel, former German consular representative in Japan, has been picked for the post of ambassador to Siam.

The appointments of the men selected for ambassadorships, it is stated, leave the attitude of the powers in question. If they send charge d'affaires to Berlin, Germany to the effect of an open declaration in the capitals of such powers.

There is no mention at present of the selection of a German ambassador to France.

Washington.—No inquiry has been made of the United States as to whether Van Hainhausen, former councillor of the imperial German embassy here, would be acceptable as ambassador, but there is every indication that the government will accept Hainhausen or anyone else formally connected with the embassy during the regime of Count von Bernstorff.

Washington.—No inquiry has been made of the United States as to whether Van Hainhausen, former councillor of the imperial German embassy here, would be acceptable as ambassador, but there is every indication that the government will accept Hainhausen or anyone else formally connected with the embassy during the regime of Count von Bernstorff.

Washington.—Prices are beginning to turn downward in various parts of the country, but the slump has not yet gathered momentum sufficiently to affect purchases being made for immediate use, according to reports to the department of commerce.

Attorney-General Palmer, asked how soon results could be expected from the campaign to reduce the cost of living, the outcome of which rule road employees have been requested to avail before pressing demands for wage increases, said that the government wanted was a fair chance to show what could be done to take the arduous inflation out of the market. He said officials were well pleased with the success so far attained and that cumulative results were expected from concerted attacks against the food control law by which criminal penalties can be imposed on profiteers and hoarders.

"We hope the public will begin to reap the benefit of our efforts before long," Mr. Palmer said. "For instance, to the effect of an open declaration in the capitals of such powers."

Mythical Millions

Each Generation Deceived By Stories of Hidden Treasures

The governor of the Bank of England, Sir Henry Montagu, has undertaken to dispel "mythical" legends, a delusion regarding that famous treasure, a delusion which he described as one of the many in which the public is misled.

He said that the public is misled by the success so far attained and that cumulative results were expected from concerted attacks against the food control law by which criminal penalties can be imposed on profiteers and hoarders.

"We hope the public will begin to reap the benefit of our efforts before long," Mr. Palmer said. "For instance, to the effect of an open declaration in the capitals of such powers."

There is no mention at present of the selection of a German ambassador to France.

Washington.—No inquiry has been made of the United States as to whether Van Hainhausen, former councillor of the imperial German embassy here, would be acceptable as ambassador, but there is every indication that the government will accept Hainhausen or anyone else formally connected with the embassy during the regime of Count von Bernstorff.

Admit Loss Of Odessa

Reds Could Not Stand Bombardment in Black Sea

London.—Occupation of Odessa, the Black Sea port on the Black Sea, by allied forces is admitted in a Bolshevik government wireless message from Moscow received here.

The message offered the alphabet, after thirty weeks had been laid the city for two days.

According to the Soviet statement, the Bolshevik troops are advancing in the region of Odessa, having progressed within three and one-half miles of that city.

Shortly after the Bolshevik message was received, another Bolshevik message in official quarters here of the occupation of Odessa. A Russian army, it is stated, had occupied the city. The Bolsheviks are in the direction of Balta, 120 miles northwest of Odessa.

Shortly after the Bolshevik message was received, another Bolshevik message in official quarters here of the occupation

FRIDAY, SEPTEMBER 5, 1919

Great Britain is spending more than ten millions of dollars daily in excess of her revenue, and Lloyd George has issued pre-emptory orders to all department heads in the government to cut down or get out. Under the circumstances the order would seem to be a very proper one.

There does not seem to be room for a shadow of a doubt that the profiteers are responsible for the present sugar famine. It appears to be a case of the tariff favored refiners who control the sugar trade of Canada rising to their opportunities. Satisfied hitherto with merely enormous profits, they are now out to make a killing by creating an artificial scarcity and then hoarding the price.

A bill was presented in the Dominion House on Thursday to make armistice day, November 11th, a permanent day for Thanksgiving Day in Canada. If Parliament will have the wisdom to name the Monday on which armistice day falls, or the first Monday after armistice day when it falls on any other day than Monday, as the regular date for Thanksgiving day, we will vote aye. The Review-Advertiser feels that the custom of having Thanksgiving on a Monday has proven too valuable to be abandoned.

NO MORE BAD EGGS(?)

The people of the province are probably not aware that there is in force an important Act forbidding trading in bad eggs. This was passed at the last session of the Provincial Legislature and is now in force.

By this measure all people purchasing eggs from producers are obliged to separate the bad from the good eggs and they are forbidden to do business with bad ones as soon as their condition is found out. This is arrived at by candling. The first handler, as he is called in the Act, must candle the eggs purchased and reject those that are unfit for food.

This is an important protection which the consumer has not had up to the present time. The terms by which these eggs are described in the trade are: mouldy eggs, black rots, spot rots, blood rings, mixed rots, adrift eggs, etc. The producers are likely to profit very greatly by this also as the reputation of the product will be immeasurably raised by the new law. It is estimated that not less than one-sixth of the total annual crop is lost by the inclusion of bad and stale eggs in shipments. The condition of these eggs is due to improper care in the first place, some of the eggs have been kept in too hot a place, there has been some neglect in the gathering of eggs in a good many places, particularly in the country, and the product has been left too long before being sent to market.

Most people have no appreciation of the importance of the egg and poultry output of Alberta, according to the last survey of the poultry industry of the province the value of eggs alone is three million dollars. It will be seen that if the portion lost is saved out of this output without taking account of any increase it will mean a substantial addition to the wealth of the producers and to the food resources of the consumers of the province. It is the aim of the Department of Agriculture to establish a standard in eggs such as has been established in butter and it is expected that the same result in a desirable export trade will be secured in the case of eggs as has been secured for butter. The enforcement of this Act will begin vigorously at once. The Department of Agriculture is appointing inspectors to examine the product in trading places and will have power to institute proceedings for the violation of the Act. Violations of the Act involve a penalty not exceeding \$100.00.

Remember that the Mack Senne comedy, "Saucy Madeline" is coming to the Rex this coming night as "The Firefly of France." They are special attractions and there will be no raise in admission.

McClary's Sunshine

As we sell this furnace it is a guaranteed heating system. When installation is planned by our engineers, we deliver exactly what you want—Comfort in your home.

THE UNIVERSAL CAR

A Ford car repaired with "spurious" or imitation parts is no longer a real Ford.

The inferior parts weaken the car—often injure other parts, cause trouble and breakdowns. The car could not be expected to give Ford satisfaction.

Genuine Ford parts can be bought wherever you run your car; We have on hand enough parts for the needs of every Ford owner in this district. Many other reliable garages carry complete stocks of Ford parts.

You need never accept anything but the genuine. You need never wait for them. Demand Genuine Ford Parts.

Coupe \$975. Sedan \$1,175. Runabout \$760. Touring \$690. (All the foregoing equipped with electric starting and lighting.) Standard Chassis \$625. One-Ton Truck Chassis \$750. These prices are F.O.B. Ford, Ontario. All prices subject to tax charges, except Truck and Chassis.

Claresholm Local News

O. L. Reinecke is on the sick list this week.

Watch for dates Charlie Chaplin in "Chase Me Charlie."

Mr. Hunter is delivering Scarborough maps here this week.

Be sure and see "The Firefly of France" Rex, Sept. 5 and 6.

Mrs. W. Moreland of Nanton was a week end visitor with Mrs. Harrison.

Mr. and Mrs. R. K. Peck returned home on Thursday from Gull Lake.

Ole Finstad, of Minneapolis, is here this week looking after business interests.

Coming soon to the Rex-Charlie Chaplin in "Chase Me Charlie," a five reel comedy feature.

Sid Lamb moved into George Godley's house on Railway street this week, from Meadow Creek.

Pte. Mel Cooke has returned from overseas and is renewing old acquaintances here this week.

Mrs. O. L. Reinecke and daughter returned on Monday from an extended visit in the east.

Harry Smith left on Friday of last week to attend the funeral of his brother at Salt Lake City, Utah.

The Rev. Hiram Hall, B. A., will preach in the Methodist church on Sunday morning, September 7th.

J. S. Holmes, who has been visiting his half brother Fred Palmer, returned to his home in Portland, Oregon, last week.

Major Schoof returned home Sunday from his mountain trip, with harness and rig considerably the worse for the rough usage.

Ole Berg left on Thursday for the east on a business trip. He expects to take in the world's championship baseball games before he returns.

Miss Daisy and Pearl Elcote returned to their home in High River after a couple of weeks' visit with their aunt and uncle Mr. and Mrs. J. A. Harrison.

R. S. Breerton and wife returned last Saturday from their motor trip in the west. Mrs. Breerton's father accompanied them on their return for a visit here.

Geo. Maxwell and wife have returned from spending a three weeks' vacation at the coast, where they went for Mrs. Maxwell's health. She returns with health much improved.

Thursday night's storm spoiled the track for the School Fair on Friday. The exhibits were good and there was a good attendance. We understand that the races were postponed, but not declared off.

Trooper Larry Bell, of the Canadian Light Horse, returned on Thursday from overseas. He was in much of the hardest fighting in France and was severely wounded at Cambrai, where he won the military medal.

The ladies of the Claresholm local of the U. F. W. A. will hold a sale of home cooking in the Parish Hall on Saturday afternoon, September 13. Sale to begin at 4 o'clock. Tea served from 4 to 6. Proceeds for rest room fund.

On Saturday afternoon, September 13th, at 2 o'clock, Auctioneer Strange will sell a large quantity of household furniture, Kitchen utensils, etc., the property of Rev. J. Phoenix and others, by public auction, at Varnhorn's livery barn. This will be a big sale.

J. A. Harrison Sr. left on Wednesday to attend Grand Lodge of Tractmen at Detroit. On his way home he will stay over at Hamilton to attend the Dominion Trades and Labor Congress. He expects to be away for nearly a month.

Major G. H. Schoof leaves Saturday night for Minneapolis where he buys his camping outfit and proceeds to South Dakota, where his son Leo joins him, and together they will make a lecture tour travelling by automobile through South Dakota, Iowa, Nebraska, Kansas, Oklahoma, finishing the tour at Bay City, Texas, where Major Schoof owns a truck farm on the shores of the Gulf of Mexico.

Child Welfare Institute

The announcement that a Child Welfare Institute is to be held in Claresholm on Monday September 8th, is one of more than ordinary interest to the people of the town and district. We have been hearing about this interesting movement from time to time but so far as we are aware this is the first occasion which has been devoted exclusively to the explanation of the movement and the discussion of the Child Problem. This movement has made great strides in Great Britain, New Zealand, United States, Belgium, France and other countries but is only recently taking hold in Canada. Alberta is the first province in which a special secretary has been appointed for this work. Some seventeen months ago the Alberta Social Service League recognizing the vital importance of this work, appointed a special secretary for child welfare work, prevailing upon Rev. E. S. Bishop to undertake the task of organizing and promoting a province wide campaign of education along these lines.

For something over fifteen months Mr. Bishop has been devoting his entire time to this work. Travelling extensively throughout the province and introducing the movement by means of sermons, addresses, lectures, child welfare institutes, distributing free literature, writing press articles, etc., and he reports wide spread and growing interest in the subject.

Mr. Bishop is of course well known in Claresholm, having been a frequent visitor here during his pastorate in Nanton, Macleod and Calgary; but he has not yet visited here in his new capacity. According to the announcement he is to preach on Sunday September 7th in the Presbyterian church in the morning and in the Methodist church in the evening, and in connection with the Child Welfare Institute session on Monday, he will lead a discussion at the afternoon session on the "Practical Problem of Parenthood." The afternoon program will be further assisted by Miss Matthews. In the evening Mr. Bishop is to deliver his popular lecture on "Child Welfare as a National Issue."

There is also a possibility that this evening session may be addressed by Mr. H. H. Hull, Acting General Secretary of Alberta Social Service League, who is giving his special attention to the prohibition issue.

The sessions are to be held in Harrison Hall.

BUSINESS LOCALS

A lean will tide you over the hard times. See Fraser & Peck.

For Sale—Horse, buggy and single harness. Will sell separate or all together. Apply E. J. Brock, Claresholm.

If you haven't looked up the dates for "The Firefly of France," do it now. It is a guaranteed attraction.

Stop Decrying The Farm

Confronted with the task of reorganizing Canada on a peace basis following the upheaval of the Great War, and faced with the necessity of discharging that task under entirely new conditions and with a new social order demanded by all, thinking men and women all over the Dominion are endeavoring to ascertain what is Canada's most pressing need and how that need can be supplied.

It seems to be fairly generally accepted that from a financial, economic and purely business standpoint the most pressing national need is "this Dominion is that all men and women should be imbued with the ambition to work as they have never worked before, and by their labor produce from the natural resources of this country the wealth which will enable Canada to meet its enormous war debt and heavy national obligations, and discharge the duties and responsibilities imposed upon it.

Opinion, however, is divided as to the policies to be inaugurated and the methods employed to bring about this development of our natural resources and consequent greater production of wealth. Consequent upon this division of opinion, many phases of the big problem have become political issues in a partisan cause, many parties upholding an opinion, many parties opposing another. In regard to these aspects of this problem which have become subjects of political controversy it is not the function nor intention of the writer of this article to deal. We leave them to governments and politicians, and to the people who, by the exercise of their franchise, make or unmake governments and politicians.

In the final analysis, however, it is the farmers of Canada who must largely solve the problem which confronts Canada today. Farmers represent the greatest and the best of the industry of Canada. As a class they constitute the largest group in our population. They are the producers of many products of wealth in this Dominion. Unless agriculture succeeds, Canada cannot grow and prosper. These are well-known facts. It is important, therefore, that the country should be impressed by them, and that all governments in Canada should govern themselves accordingly. The government that devotes itself most assiduously to the welfare and promotion of the farmer, and the promotion of the industry of farming in Canada will prove to be the best government.

However, while governments can do much, and ought to do far more than they have done in the past to encourage and develop the business of farming, there are some things which the people, and especially the farmers, must do themselves. Some of these things were referred to by Hon. Duncan Marshall in a recent speech which is deserving of the widest possible publicity.

First and foremost, the farmer, Marshall, it is our duty to see that the farmers' sons and daughters throughout the Dominion are taught to efficiently trained that they will be qualified to make best farmers and farmers' wives that can be found anywhere in the Dominion. The arrangements Canadian governments for their failure to spread agricultural

education throughout Canada. "Never in Canada's history," he said, "was the need of agricultural education so serious." Never in public school did a teacher tell me it would be a fine thing to be a farmer. I never had a teacher say to me that it would be the finest and best ambition to settle down and endeavor to become the best cultivator of land and best live stock breeder in the country of Brucé. I am a big short-breed breeder in Alberta in spite of some blunders I made in Ohio. In Belgium, the best draft horse breeding country in the world, I find in the school text books such lines as this horse is a good horse because his feet are sound, and "this horse is a strong horse because his back is short." When I read that I am startled when Belgium beats the world in horse breeding, and then I think of the snuff they told me about the cat and the rat and the bat and the mat."

Mr. Marshall continued: "We have in Canada the best of the best of the public schools that the first business in this world, the one that offers the largest opportunity for some business and the greatest opportunity to become a useful citizen, that of tilling the soil on a good farm. We have got to get away from some business of building the farmer, and there have been many farmers engaged in running down their own children, and their own wives. They say that it is dangerous, and the ladies at times have said such things as, 'Poor girl, she married a farmer. That is the kind of thing I want to get out of the minds of the sons and daughters of this Dominion of Canada.'"

And who will say Mr. Marshall is not right? One never hears of a lawyer, a doctor, or a manufacturer despising his children, nor their wives and children so. On the contrary, they boast of their occupations as the best and finest in the world. We are told that the farmer is the best and the best in the world. We are told that the farmer is the best and the best in the world. We are told that the farmer is the best and the best in the world.

The parlor Bohemian had the floor. "I want land reform," he shrieked. "I want education reform. I want church reform. I want marriage reform. I want—"

But here a listener interrupted with the usual and sage remark: "What you want, old man," he said, "is chloroform."

Cease Work Upon All Warnings

London.—The government has ordered work stopped on all warships on the Clyde, except those about to be launched, according to the Glasgow Daily Record. This paper understands that the same order has been issued at all shipyards in Great Britain. This will involve the discharge of many thousands of workers.

It Eases Pain.—Ask any druggist or dealer in medicines what is the most popular remedy for rheumatism, for pains in the joints, in the muscles, in the nerves, or in the circulation, and he will tell you that Dr. Williams' Pink Pills for Pale People is the best. The reason for this is that it possesses greater healing qualities than any other oil.

West Gains Many New Immigrants

Winnipeg.—Since the beginning of the year 1934 settlers, bringing with them money and personal property valued at \$837,603, have entered Western Canada. A large majority of the immigrants went to Saskatchewan 50,26, Alberta 41,54 and British Columbia. Almost all the immigrants are farmers, with their families. Many of them are taking homesteads, with some buying improved lands.

French General Dies

Paris.—General Lemouton de Boile, former chief of staff of the French army, is dead. He was born in 1838.

Tea and Coffee

are not considered good for young people, but nothing is missed when you have

INSTANT POSTUM

Its rich flavor pleases, and it contains absolutely nothing harmful. "There's a Reason"

Wheat Price

May Be Higher

W. H. Wood Says Deal on Sell Part of Crop at \$2.30

Calgary.—That Alberta farmers will receive at least the price they did last year for this season's wheat crop was the statement made by H. W. Wood, president of the United Farmers of Alberta, and member of the Canadian Grain Board.

"I do not know," replied Mr. Wood, "last year the millers paid a fixed price of \$2.24½ and a carrying charge of three cents, making the total figure \$2.27½. The indication, and in fact negotiations are now on for the sale of quite a quantity of this year's wheat at around \$2.30. It is possible that the demand will go somewhat higher in the future, and as the export price increases the price of wheat will be fixed on the same level."

Asked as to what the cost of the administration would be, Mr. Wood stated he did not know the exact figure, but it would be small, probably a fraction of a cent, a bushel. He said the price compared with that of the United States, where Mr. Wood was asked.

"Number 1 Northern minimum price at Duluth has been fixed at \$2.22½," he replied.

Mr. Wood stated that the Canada Grain Board were again meeting the second Thursday in September.

LEMON JUICE IS FRECKLE REMOVER

Girlist Make This Cheap Beauty Lotion to Get Rid of Freckles

Your Skin Squeeze the juice of two lemons into a bowl, add a little water, and use it as a face wash. It will remove freckles and other skin blemishes.

Viscount Grey Sails Sept. 16 London.—Viscount Grey, the new British ambassador to the United States, will sail for New York on Sept. 16, it was announced here.

A Real Spree

"Kitty, this is our wedding anniversary. Let's go out and buy some things unless that we can't afford."

ALMOST LYNCHED

It happened to a local druggist that one local woman, who was the wife of a local druggist, was almost lynched.

10,000 Yet To Come

Ottawa.—It is difficult to state just how long it will take to reach the balance of the Canadian expeditionary force now in England. Late estimates put the number of men to be brought over at about 10,000. This number may have been decreased by savings taking place within the past couple of days.

Seven Whiskies Slit Raised

Saskatoon.—Seven illicit whiskey stills working overtime in the Canadian West, during the past few weeks, were raided by Inspector J. M. Davis, of the inland revenue department, R.N.W.M.P., and provincial officers. Eight men were arrested, and they paid fines totalling \$18,750. The stills were ordered confiscated. This is the largest single round-up since Sals' wheat was sent dry.

Mount Vesuvius Active

Rome.—After loud rumblings, Mount Vesuvius has begun erupting again, two streams of lava flowing toward the valley. So far the eruption has not been so heavy as to threaten the villages at the base of the mountain.

Big Expenditure at North Battleford

One hundred thousand dollars is the estimated cost of the new building being constructed by the Canadian National railways at North Battleford. The new works include a 15,000 stall roundhouse, a new machine shop, a 60 ft. by 40 ft. new engine house, and a complete new equipment for the machine shop.

The new roundhouse is being built in the rear of the engine house and is half as big again as the present structure. Some idea of the amount of concrete called for in the specifications can be gathered from the fact that over 4,000 barrels of cement will be used.

Can't you find work at your trade?

"No, m'am."

"Why not?"

"Well, you see, just as I had qualified as a handwriting expert, everybody went and bought a typewriter."

W. N. U. 1279

Third Dose Relief!

Fifth Dose!

Diarrhoea Stopped.

Diarrhoea does not need to persist for any length of time until the whole system is weakened and debilitated. No other disease so quickly undermines the strength and brings about the same time death as a slight case of diarrhoea.

Dr. W. H. Wood, of the Canadian Grain Board, writes: "I have been a sufferer from diarrhoea for some time. I have tried many remedies, but nothing has helped me. I have been told that I should try Dr. Wood's Diarrhoea Stopped, and I have done so. It has helped me, and I am now well."

Dr. W. H. Wood, of the Canadian Grain Board, writes: "I have been a sufferer from diarrhoea for some time. I have tried many remedies, but nothing has helped me. I have been told that I should try Dr. Wood's Diarrhoea Stopped, and I have done so. It has helped me, and I am now well."

Dr. W. H. Wood, of the Canadian Grain Board, writes: "I have been a sufferer from diarrhoea for some time. I have tried many remedies, but nothing has helped me. I have been told that I should try Dr. Wood's Diarrhoea Stopped, and I have done so. It has helped me, and I am now well."

Luminous Trail Marks

Luminous Ribbon Used for Marking Trails Through the Woods

Here is a war-time application of luminous paint that should be useful in many other ways. It is a ribbon of luminous paint, which can be used to mark trails through the woods, and it is very useful in many other ways.

Canadian Soldiers

Wanting Land

Approximately 6,500 Loans Granted Through the Board to For-

mer Soldiers

Regina.—To the end of July, 25,000 applications had been made to the Soldiers' Settlement Board by returned soldiers wishing to go on the land, according to Col. R. Jones, director of the agricultural branch of the board's work, who paid an inspection visit here. Of these 25,000 had been disposed of and 74 per cent of the 22,000 actually had been approved. Approximately 6,500 loans had been granted through the board to former soldiers and 3,500 discharged men had been given free land grants. The total expenditures to July 31 amounted to \$30,500,000 and the average loan was \$3,100. There was no sign of falling off in the demand for land, according to Colonel Jones, and settlement was well distributed throughout the entire country. At present there were 10,000 returned soldiers in the various training camps acquiring experience in farming before taking up land.

What a pity that the truth is the most disagreeable thing one can say about some people!

All Night With Asthma.—Everyone knows how attacks of asthma often come on at night. Morning finds him wheezing, but business must still be carried through. All this night suffering and coughing must still be avoided. The prompt use of Dr. J. D. Kellogg's "Cough Cure" is the only remedy that drives away the attack.

Livestock Industry in North

Some idea of the extent of the livestock industry in the Battledore district can be gained from the fact that 120 cars of stock have received official certificates for shipment since July 1. A considerable portion of the shipments was from the Battledore branch, along which thousands of cattle are being fattened upon the Battledore. It should be noted that this shipment represents fat stock and cattle have not been rushed to market in an unfinished condition because of shortness of feed, which is responsible for heavy shipments in some dry areas.

To girl under 16 winning most prizes—Marjorie Leeds.

Dairy Products

One pound roll or print Butter (1 lb.)—1st, Mrs. Darch; 2nd, Mrs. Shearer; 3rd, Mrs. Evans.
Cottage Cheese—1st, Mrs. Amundsen; 2nd, Mrs. Maude Miller.
Crock Butter, 8 lbs or over—1st, Mrs. Evans; 2nd, Mrs. Darch; 3rd, Mrs. Greig.

C. P. R. OFFERS CUP FOR HARD SPRING WHEAT

In connection with the International Soil Products Exposition, which will be held in Kansas City, Mo., September 24th to October 4th, the Department of Colonization of the Canadian Pacific Railway is offering a silver cup of the value of \$50 for the best half bushel of hard spring wheat exhibited. It is hoped that every farmer in Alberta who has a good sample of wheat this year will submit a half bushel in this competition. Those competing for this cup will automatically become competitors for the prizes offered by the International Farming Congress in this class which include a first, second and third prize. In addition they have a chance of winning the sweepstakes for wheat. The winning sample of hard spring wheat is usually the best exhibiting wheat shown at the exposition and thus wins the sweepstakes prize, and the exhibitor from Western Canada generally carry all before them in this class. Last year the C. P. R. cup, the sweepstakes for wheat and the first prize for hard spring wheat were won by Seager Wheeler, of Rosedale, Sask., with the best Shesley of High River, Alberta, a good second. No cup was offered by the C. P. R. in 1917, but the first prize for hard spring wheat were won by Samuel Larcombe, of Birnie, Manitoba, in that year.

In addition to the above, other valuable prizes will be offered for every variety of field crops. Of late years farmers from Western Canada have carried away a lion's share of these prizes, and no doubt their exhibits will be conspicuous again this year. An official premium list of the exposition is now ready, and a copy can be obtained by writing to the secretary of the International Farm Congress at Kansas City, Mo.

The Musical Eckhardts, Swiss Bell Ringers, are invited to appear at the Rex theater Wednesday, September 10th. The Eckhardts are well known throughout the west and have played Clareholm several times. T. Eckhardt, father of the boys, is still with the Company and has engaged three new performers since their last visit here.

Messrs. James, Charles and Wilfred Harrison motored to High River on Saturday, August 30th, in their Chevrolet. The trip was made in two hours and they spent a very enjoyable time at the home of Mr. and Mrs. Elcoate, returning home on Monday accompanied by their brother Archie Harrison who had a very enjoyable week's holiday.
